Heart to Heart Hospice Opens Inpatient Center in Fort Worth, Texas

New Heart to Heart Hospice inpatient facility is serving the greater Dallas-Fort Worth area; Open House scheduled for March 30 and April 1

Plano, Texas – Heart to Heart Hospice, a leader in hospice services since 2003, has opened a new hospice inpatient center in Fort Worth, Texas, located for easy access to patients and families living in the Dallas-Fort Worth area and beyond.

The new hospice inpatient facility is designed to create a home-like environment for hospice patients in the event of a medical crisis or when caregivers need a break from their duties. Although most hospice care is provided in the home, a patient may qualify for inpatient care to control acute pain and other symptoms, or to provide a respite for caregivers.

“Our goal is to provide comfort and dignity,” said Kelly Mitchell, Chief Executive Officer of Heart to Heart Hospice, “and our new inpatient center includes a full array of amenities to meet the needs of both patients and their loved ones.”

The inpatient center is staffed by healthcare professionals specially trained in hospice care. The Heart to Heart Hospice interdisciplinary team consists of physicians, nurses, hospice aides, social workers, chaplains, volunteers, and bereavement specialists. Together, they provide the specific medical, emotional, spiritual, and practical support patients and their families need.

The new facility, located at 6940 River Park Circle in Fort Worth, is convenient for patients in Fort Worth and those coming from Arlington, Mansfield, the Mid-Cities, North Tarrant County, Cleburne, and Weatherford, as well as the Dallas Metroplex.

Heart to Heart Hospice invites the community to find out more at an Open House on Tuesday, March 30, and Thursday, April 1, from 4:30 to 7 p.m. both days.
